## Workforce Info

### Dry Creek

Dry Creek is an unincorporated CDP located on the Alaska Highway, southeast of Fairbanks. It lies south of the Tanana River at the foot of Horn Mountain. Dry Creek is part of the Southeast Fairbanks Census Area.

- ♦ The estimated population for 2008 was 92, a loss of about 36 since the 2000 Census.
- ♦ About 25 percent of the resident population 16+ years old worked in 2008.
- ♦ Construction was the main industry in 2008, employing 40 percent of the area's workers.

Please note: There is an important distinction between the local/regional employment data and our "standard" employment series. Most of these data reflect totals for area residents only. Total worker counts may be lower than expected in areas with a large number of nonresident workers. The Alaska Permanent Fund dividend file is used to determine the worker's geographic residence. Only Alaska residents (as defined by PFD application) are included in these totals. Also note that federal employees, the military, and the self-employed are not included in these data.
